Hi Lisa,

I have edited the NGS Response to Comments document and have attached redlined and clean copies for EPA's review. Most of my edits were minor, although I would like to draw your attention to the edits I made to the response to Comment 6. Those edits relate to the ongoing NGS BART litigation. I'm also the one who wrote the response to Comment 1, so please let me know if your attorney has any questions about that particular response.

I'm going to begin my review of the FCPP Response to Comments. I may not have my edits to you until next Monday. I apologize for that.

Thanks,
April

Subject: Draft Response to Comment files for NGS and FCPP

Hi Lisa,

As you requested, here are the draft "Response to Comment" files for both NGS and FCPP for your review. As you indicated, EPA's attorney could help to review the draft responses for the legal questions (Comment #1 for NGS and Comments #4,5, and 9 for FCPP).

As for the FIP revision for NGS, the contact person at NGS is:

Ms. Barbara Cenalmor
(602) 236-2322
Barbara.CenalmorBruquetas@srpnet.com

I'll give her a heads up on the potential to revise the opacity limit in FIP for NGS. Please let me know if you hear back on what transition language we need to put in the draft TV permit for NGS. Thank you very much for your help on this issue.
